course announcement winter 2015
me337 mechanics of growth
a project-based course on growing tissues and scientific writing

winter 2015
me 337
tue / thu
11:00 - 12:15
530/127

bone growth
tumor growth
arterial growth
skin growth
muscle growth
cardiac growth

kinematics of finite growth balance equations
growth laws finite elements

class papers from previous final projects
